* I hereby confirm that I am not aware of any circumstances or aspects that could speak against an award being conferred to the nominee (e.g. regarding his or her personality, integrity and career or regarding possible conflicts with legally binding principles of academic ethics, the danger of technology transfer relevant to armaments industry and therefore restricted, etc.).

We would like to draw your attention to the fact that the personal information you give will be kept and processed. In the course of the evaluation procedure, the details will be made available to members of the Minerva Fellowship Committee. Should the nominees be selected to receive an award, the names, nationalities, field of research, key words, contact information and duration of the funding will appear in lists prepared by the Minerva Foundation. The lists will also be passed on to governmental offices as well as organizations that fund research and support cooperation. In addition, the lists serve to network all Minerva guest researchers and meet the needs of PR work.
